Hyperbaric Oxygen Chamber

Recovery

Restore

Regenerate

25 times more oxygen to tissues

Boost immune system function

Decrease swelling and inflammation

Clear toxins and fight infections

Recover from injuries quickly

Restore healthy brain tissue

Regenerate healthy tissue

Also being used for:

Wound healing

Parkinson's

Autism

Arthritis

Diabetic Ulcers

Stroke recovery

Cerebral Palsy

IBS/Crohn's

Our bodies use oxygen to produce ATP molecules which produces energy. By using the hyperbaric chamber, you can increase the partial pressure of oxygen which then dissolves the oxygen into the plasma and other waterborne fluids of the body. Since the body is about 70% water and every cell literally bathes in water, we use the chamber to deliver oxygen to every tissue in the body.
